THE PRESIDENT WELCOME

It is with great pleasure that the members of the organizing committee and I welcome you to Setif , Algeria, for the first Intercontinental Pediatric Urology Congress which will be held in October 14th to 16th, 2019.

In the continuity of tradition, it will be a joint meeting with the Ferhat ABBAS Sétif1 University. We tackle complex transverse topics.

As well, we have invited famous specialists who are considerably investedin the field of pediatric Urology and brought them a remarkable dynamic.

The program of this congress will mark step by step the steps of diagnosis, care, and the questions that accompany them.

The Organizing Committee and the Scientific Council have prepared a rich,dense and varied program.

The format of the sessions allows for direct exchanges based on practices.

Professor Souhem TOUABTI

Welcome message of Prof Sameh Shehata

Chairman of the Congress and President-elect of the WOFAPS

It is my pleasure to welcome you all to the 1st intercontinental congress pf Pediatric urology in Setif , Algeria. This event is very important scientific event for all pediatric surgeons for many reasons. The scientific program is very rich including UpToDate coverage of important topics in pediatric urology with state of the art lectures given by world experts in pediatric surgery.

The congress reflect a recent interest of pediatric surgeons in North Africa and the Magharebian region to have a wider exposure to the other major Arab centers and the world. This gives great push to pediatric surgery development because there are many - experts in the region with different spectrum of pediatric surgical pathologies that will greatly benefit from exchange of experience with their colleagues.

It is also great to have young pediatric surgeons in the region to benefit from the big international organizations like WOFAPS and IPEG for training and support.

Setif is a wonderful place to visit and the local organizers have made a great effort to ensure a rich scientific and social experience in Algeria. Looking forward to meeting you all in Setif .

Sameh Shehata

Honorary president of the congress
WOFAPS President-Elect
IPEG ME president

INSTRUCTIONS TO AUTHORS AND PRESENTERS

- Lecturers and moderators must submit their presentation to the room technician. It is open to congress schedules.
- Presentations must be in Power Point 2003-2007 format for Windows.
